Appendix A1

1. 21/2561/FUL

ALPC meeting 16/02/2022

Greenways Seabrook Road Kings Langley - Demolition of existing buildings and construction of a detached dwelling.

ALPC Comment: Members support the build on infill sites within the urban context of the green belt, and feel that the proposed building is in context and character of the area. If this does go for officer rejection, Members request that the matter is brought in for planning committee.

TRDC Decision: refused

Reason: 1- In the absence of an agreement under the provisions of Section 106 of Town and Country Planning Act 1990, the development would not contribute to the provision of affordable housing. The proposed development therefore fails to meet the requirements of Policy CP4 of the Core Strategy (adopted October 2011) and the Affordable Housing Supplementary Planning Document (approved June 2011).

2- The proposed new dwelling by virtue of its siting falling outside of a village, the intensification of use and the encroachment of urbanising features into an open site, including the introduction of alien built form to an otherwise open frontage on this side of the road, would constitute inappropriate development which, by definition, would be harmful to the Green Belt and also result in harm to openness. The proposed development fails to meet any of the exceptions outlined within the NPPF at paragraph 149 and no very special circumstances have been put forward which would outweigh the harm by virtue of inappropriateness and harm to openness. The proposed development would therefore be contrary to Policy CP11 of the Core Strategy (adopted October 2011), Policy DM2 of the Development Management Policies LDD document (adopted July 2013) and the NPPF (2021).

2. 22/0868/FUL

ALPC meeting 08/06/2022

High Herts Farm, Riding School Bedmond Road Pimlico Hertfordshire HP3 8SJ - Variation of Condition 2 (Plan Numbers) pursuant to planning permission 19/1453/FUL (Redevelopment of existing facilities involving the demolition of existing stables, office and barn and erection of new 'American' barn, grooming/stable block, stabling and storage barn, office and facilities building and associated works to provide modern standard Equine facilities) to amend design of the office and facilities building to include a mezzanine floor and alterations to the internal layout to include cafe, office, conference room, changing rooms and toilets.

ALPC Comment: Members acknowledge this has planning permission however given the scale of the proposed alteration, members feel this falls outside a variation of condition and a new planning application should be submitted.

TRDC Decision: approved

Reason:

3. 22/0950/FUL

ALPC meeting 08/06/2022

19 Toms Lane Kings Langley Hertfordshire WD4 8NA - Relocation of dropped kerb and replacement boundary wall.

ALPC Comment: Members had no overall objections with this application but request a condition be added prohibiting the addition of a gate at a later date to the boundary wall as there is insufficient room for a car to wait at the boundary wall without obstructing the road.

23 High Street Abbots Langley WD5 0AA - Listed Building Consent: Single storey rear extension including internal alterations and new terrace, stairs to rear garden.
ALPC Comment: No comment.
TRDC Decision: refused
Reason: By virtue of its siting, design and overall width the proposed single storey rear extension would overwhelm the rear elevation of the Grade II Listed Building, subsuming its architectural features and undermining the historic relationship between the Listed Building and the existing outbuilding. The proposed internal interventions would undermine the archaeological and architectural interest of the Listed Building. There has not been clear and convincing justification for the proposed internal interventions. The development would be contrary to the requirements of Paragraph 200 of the NPPF. Overall the proposal would lead to less than substantial harm to the designation heritage asset contrary to Policies DM1, DM3, Appendix 2 of the DMP LDD (adopted July 2013), the Abbots Langley Conservation Area Appraisal and the NPPF (2021).
